

Storage and/or Transfer of Salvaged Alcohol

TABC is allowing retailers whose business operations have been temporarily halted due to storm damage to transfer salvaged alcohol to an affiliated retail location on a case-by-case basis. The salvaged product must not have been damaged or contaminated. Permittees located within the disaster area may fill out the form below to request permission for a product transfer from TABC. Please note, submitting this form does not constitute permission for the transfer; once the form is received, TABC will contact the permittee to discuss the specific request. If you have questions, or need assistance, please call TABC's Audit & Investigations Office at (512) 206-3400.

Trade Name: _____
Doing Business As: _____

I would like to transfer salvaged product from:

License/Permit Number: _____
Physical Address: _____

To:
