It is designed to give managers the knowledge, skills and abilities to help employees provide responsible alcohol sales and service, and to deter violations.

Seller/Server Training

This program is taught by third party providers that are approved by TABC. It teaches sellers and servers of alcohol how to avoid selling alcoholic beverages to minors, intoxicated persons and to nonmembers of a private club. Once employees become TABC certified through a TABC approved course provider, they will have the background, skills, and awareness to serve alcoholic beverages responsibly.

The Texas Alcoholic Beverage Code requires sellers and servers to refuse alcoholic beverage service to intoxicated persons and minors.
